What we can offer for you...

08 — showrooms

40 — interiors

54 — furnishings

86 — outdoor

94 — scenography

We created this portfolio to show that in the current difficult situation companies want to support each other. We have the experience, the architects, we have 100 carpenters ready for action, a fully equipped carpentry shop and the will to act. Design and craftsmanship are what we do. See what we can do for you.

Our experience

Our full-service experience means we manage the project every step of the way:

- + Experienced architects and interior designers.
- + Project manager. Always stays in touch.
- + Technical department. Oversee the manufacturing process.

- + Carpentry shop on site. Fully equipped with state of the art machines.
- + 100 carpenters, assemblers and electricians. For production and finishing.
- + Over 20 years of experience. Ensures the highest quality of design and finish.

56

challenge us.

- + We design interiors.
- + We produce custom made furniture.
- + We make 3D visualizations.
- + We offer comprehensive interior finishing.
- + We work with glass, concrete, laminated MDF, plywood, ceramic tiles,

- veneers, steel, aluminum and many other materials.
- + Our finishes include laminating, lacquer and backlights.
- + You can count on our expertise and help with choosing the right materials

displays

Presentation matters. We make all types of product displays, even the most original in style or form. The materials most often used for them include steel, aluminum, furniture panels and lacquered or laminated MDF.
