DISCOVER SMART DESIGN STYLE
We created this portfolio to show that in the current difficult situation companies want to support each other. We have the experience, the architects, we have 100 carpenters ready for action, a fully equipped carpentry shop and the will to act. Design and craftsmanship are what we do. See what we can do for you.

What we can offer for you...

08 — showrooms
40 — interiors
54 — furnishings
86 — outdoor
94 — scenography
Our experience

Our full-service experience means we manage the project every step of the way:
+ Experienced architects and interior designers.
+ Project manager. Always stays in touch.
+ Technical department. Oversee the manufacturing process.
+ Carpentry shop on site. Fully equipped with state of the art machines.
+ 100 carpenters, assemblers and electricians. For production and finishing.
+ Over 20 years of experience. Ensures the highest quality of design and finish.
Experienced team

25 years of experience!

Furniture production and interior finishing

+ We design interiors.
+ We produce custom made furniture.
+ We make 3D visualizations.
+ We offer comprehensive interior finishing.
+ We work with glass, concrete, laminated MDF, plywood, ceramic tiles, veneers, steel, aluminum and many other materials.
+ Our finishes include laminating, lacquer and backlights.
+ You can count on our expertise and help with choosing the right materials.
furniture

This is just a small sample of the furniture we produced to order. Give us a try. We will send you a quotation within two days.

displays

Presentation matters. We make all types of product displays, even the most original in style or form. The materials most often used for them include steel, aluminum, furniture panels and lacquered or laminated MDF.
